

Hand Sanitizer

For Pharma, Biotec, Foods, Beverage, Hospitals,
Clinical Labs & Allied Industries

IEWI *Industrial Equip Wash Inc.*

Industrial EquipWash Inc. offer validateable Cleaning / Washing Equipment for pharma, biotech, food, beverage, dairy, hospitals, clinical labs, cosmetics & allied industries.

Based on our customer needs, we have developed Hand Sanitizer that automatically dispenses disinfectant.

The dispenser prevents you from touching unhygienic levers, taps knobs & soap cakes. Thus preventing cross contamination and maintaining complete cleanliness. Since they operate automatically, your production areas/ qc labs / packaging areas/clean rooms/wash areas are always hygienic.

Operation:

Put your hands into the unit's interior. The sensor detects your hands & automatically dispenses 0.5 ml disinfectant solution (Hydroalcoholic based) which rapidly evaporates.

Advantages:

Efficient: Pathogens of the hands are eliminated by the disinfectant Instantly.

Fast: The cleaning cycle is completed in less than 10 seconds max.

Economical: Only 0.5 ml of disinfectant utilized / cleaning cycle.

Convenient: Easy to install, operate & maintain.

Durable: The body is of non-corrosive stainless steel construction.

Technical Specifications:

Electric Supply : 220 V, 60Hz

Dimensions (WXDXH): 295 mm X 250 mm X 305 mm

Weight : 9.25 kg.

Tank Capacity : 500 ml

Volume of spray cycle: 0.5 ml

Note: 1) Since improvements are made from time to time, dimensions & specifications are subject to change without prior notice.

2) The disinfectant solution is hydroalcoholic based. The equipment can't be used for soaps or gels.
