

# Graphica Gauges and Tools

Corporate Brochure

We are an ISO accredited manufacturer & exporter of highly efficient range of precision engineered gauges & measuring equipment. Competence in meeting quality has been our forte and has carved a niche for us in the market.

Developed and Managed by SME Business Services Ltd.

Since our inception in the year 2002, we have been a professionally managed company involved in manufacturing a unique range of precision engineered gauges engraving machines. Our sincere efforts towards quality gained us esteemed ISO 9001:2000 certification and have enabled us to cater our flawless range of equipment to wide client base. Sharp manufacturing expertise and competent coordination of our team of experts helps us in carrying out manufacturing process efficiently. Vast industrial experience and a well equipped manufacturing unit has enabled us to tailor innovative and technologically advanced testing equipment for various industrial applications. Leveraging on a full fledged research and development department, we have been able to bring about necessary changes in our manufacturing process of thread gauges. We have made a remarkable progress by providing customized solutions to our clients that conform to international quality standards and are also planning to expand our export across the globe.
