

Check Weighers

DW01-200gm

Features :

1. DW01 Weighs a wide range of flexible and rigid packs up to 1kg.
2. Excellent accuracy, especially with flexible packaging.
3. Fast Belt speeds up to 40 m/min.
4. Reliable heavy duty conveyor components, high quality electronics.
5. Easy to use full color graphical touch screen.
6. Environment wide operating temperature range 0-40°C.

Check weighers are automatic machines to check the weight of packaged commodities. It is used at the off-going end of a production process and is used to ensure that the weight of a pack of the commodity is within specified limits. Any packs that are outside the tolerance are taken out of line automatically.
