

Asphalt Potting Machine

Asphalt potting machine are designed for even heating and mixing of temperature sensitive material also it delivers and dispense heavy viscous liquids. Asphalt potting machine accommodate to dispensing different amount of Asphalt quantity according to requirement and there is option for quantity adjustment.

Features:

- Material Loading: Manually and Automatic
- Manual & auto Dispensing Valve
- Clean dispense – quick cutoff avoids Messy spills.
- Easy to move machine with pre installed castor wheel.
Stainless steel vessels and equipped with job work table.

Specifications:

- Tank capacity : 80-150ltr
- Material: SS304
- Temperature Control: Digital (PID Controller)
- Power Supply: 430V Ac,3Ph, 50Hz

Applications:

- Even heating and mixing of temperature sensitive material

Company's Product List

Single Component Dispensing Machines

- Liquid Glue Dispenser
- Grease Dispensing Machine
- Rotary Table Dispensing Machines
- Anaerobic Adhesive Dispensing Machine
- Reservoir Tanks
- Oil Filling Machine
- Dispensing valve
- Digital Alfa Dispenser
- Rotary Tube Dispenser

Two Component Dispensing Machines

- Fix Ratio Piston Type Metering
- Variable Ratio Gear Type Metering

Special Purpose for Dispensing & Coating Machines

- Rotary Table Dispensing Machines
- Oil Dispensing and Filling Machine
- Front Fork Oil Filling Machine
- Fasteners & Screws Coating Machine
- Epoxy Insulating Powder and Paint Coating Machine
- Belt and Roller Conveyors
- Liquids Mixing Systems
- Drum Mixing Systems
- Vacuum Sealing Machine
- Vacuum Chamber
- Heating Oven
- Heating Conveyor Oven
- Electronics Testing Equipments
- Pneumatic Press for Number Punching
- Laser and Inkjet Printing Belt Conveyors
- Multi Head Drilling and Tapping Machine
- Aluminum Extruded Assembly and Works Tables
- Chamfering Machine
- Automatic Drilling Machine
- Tapping Machine
- Oil spraying Machine
