

Liquid Glue Dispenser

LED Glue Dispensing Machine is a semiautomatic dispensing system, designed to provide precision dispensing of adhesives or other materials. It is capable of handling viscosities ranging from liquids to pastes. All contact components are constructed of inert materials to allow dispensing of the most aggressive Adhesives, Rubber Glue, low viscous grease and Oils. LED Glue Dispensing Machine includes a control box, housing the timer and one pressure gauge and regulator, a Mini dispensing valve, a valve stand, and a pressure reservoir. A foot switch, as well as all hoses and connections are also included. The system is operated by programmable digital timer with six modes of operation, including both up and down timing. The large LCD display offers time ranges from 0.01 seconds to 9999 hours with repeat accuracy of + -0.2%

Features:

- Automatic glue dispensing with rotary indexer
- Production rate of 240 components/ Hr
- Continuous (Line) & intermittent (Dot) dispensing
- Compact in size
- Dispenses the Adhesives, Rubber Glue, low viscous grease and Oils
- Digital timer offers time ranges from 0.01 seconds to 9999 hours
- Reservoirs allow drop and load refill with standard adhesive containers
- Precise dispensing of adhesives or other material with viscosities ranging from liquid-to paste

Specifications:

- Material Capacity – 300 cc
- Material loading – manual
- Operating pressure – 5-6 kg/cm²
- Controller – PLC & timers
- Electronics Timer – Digital, 6 different timing functions and 11 timing ranges from .01 seconds to 9999 hours. Features up or down counting
- Air Pressure – 0 to 7 kg/cm², fully adjustable
- Weight – 7 kg

Company's Product List

Single Component Dispensing Machines

- Liquid Glue Dispenser
- Grease Dispensing Machine
- Rotary Table Dispensing Machines
- Anaerobic Adhesive Dispensing Machine
- Reservoir Tanks
- Oil Filling Machine
- Dispensing valve
- Digital Alfa Dispenser
- Rotary Tube Dispenser

Two Component Dispensing Machines

- Fix Ratio Piston Type Metering
- Variable Ratio Gear Type Metering

Special Purpose for Dispensing & Coating Machines

- Rotary Table Dispensing Machines
- Oil Dispensing and Filling Machine
- Front Fork Oil Filling Machine
- Fasteners & Screws Coating Machine
- Epoxy Insulating Powder and Paint Coating Machine
- Belt and Roller Conveyors
- Liquids Mixing Systems
- Drum Mixing Systems
- Vacuum Sealing Machine
- Vacuum Chamber
- Heating Oven
- Heating Conveyor Oven
- Electronics Testing Equipments
- Pneumatic Press for Number Punching
- Laser and Inkjet Printing Belt Conveyors
- Multi Head Drilling and Tapping Machine
- Aluminum Extruded Assembly and Works Tables
- Chamfering Machine
- Automatic Drilling Machine
- Tapping Machine
- Oil spraying Machine
