

RTV Silicon Dispensing With Robot

These dispensers are portion controlled, delivering accurate amounts of product Configured to pre-set value, commonly used quantities or to quantities specified by end user. Process selections are made using buttons on the front panel using our unique, state-of-the-art control technology. The dispensers use a robot to dispense material on irregular profiles

Features:

- Programmable XYZ Robot
- Easy cartridge removal & insertion
- Facility for collection of dripping material
- Able to dispense on various types of profiles
- Suit to massive and repeatable production
- Capable of dots, lines, and continuous dispensing paths
- Piston conveyor and double relocation pallet stand
- Ideal for connection with the rest of the production line

Specifications:

- Material capacity – 300 cc cartridge (Custom as per requirement)
- Material Loading – manual
- Operating pressure – 5-6 Kg/cm²
- Controller – PLC & Timer

Company's Product List

Single Component Dispensing Machines

- Liquid Glue Dispenser
- Grease Dispensing Machine
- Rotary Table Dispensing Machines
- Anaerobic Adhesive Dispensing Machine
- Reservoir Tanks
- Oil Filling Machine
- Dispensing valve
- Digital Alfa Dispenser
- Rotary Tube Dispenser

Two Component Dispensing Machines

- Fix Ratio Piston Type Metering
- Variable Ratio Gear Type Metering

Special Purpose for Dispensing & Coating Machines

- Rotary Table Dispensing Machines
- Oil Dispensing and Filling Machine
- Front Fork Oil Filling Machine
- Fasteners & Screws Coating Machine
- Epoxy Insulating Powder and Paint Coating Machine
- Belt and Roller Conveyors
- Liquids Mixing Systems
- Drum Mixing Systems
- Vacuum Sealing Machine
- Vacuum Chamber
- Heating Oven
- Heating Conveyor Oven
- Electronics Testing Equipments
- Pneumatic Press for Number Punching
- Laser and Inkjet Printing Belt Conveyors
- Multi Head Drilling and Tapping Machine
- Aluminum Extruded Assembly and Works Tables
- Chamfering Machine
- Automatic Drilling Machine
- Tapping Machine
- Oil spraying Machine
