PALLET

Application

Pallets are basically used for handling of raw materials, finished component as well as storage etc.

To ensure safe handling of components, along with prescribed inventory batch.

All pallets are self stackable, handled by overhead crane & fork lift except flat pallet.

Increases storage space utilization, enhance warehouse organization.

Increases handling & storage flexibility.

Improves product protection.

For safe & secure storage.

Pallet Flat Rolled (PFR)

Dimensions

| Product Code	Length (mm)	Depth (mm)	Height (mm)	Load Capacity (Kgs)
MEPL/01227	800	1000	150	
MEPL/01228	1000	1200	150	
MEPL/01229	1200	1200	150	
MEPL/01716	1200	1000	150	500
MEPL/01230	1000	1000	150
