## Sheet Storage Rack

**Rack In Close**

### **Application**

Over head crane is required for this solution.

Sheet storage rack usually for storage of sheets, bars, dies, moulds, fixtures etc.

Provides independent location for each thickness / size.

Saves time while change over from different size in CNC Punching Machine & Laser.

For safety, the entire roll-out shelf is freely accessible for loading & unloading.

Fast access for individual to pull & push the rollout shelf for change.

## Rack In Open

One person can conveniently pull & push 3 ton on each shelf.

Fabricated for specific sections designed by – “Experienced Engineers of Metafold” with special push out arrangement for roll out shelf & also facilities of locking are arranged for the stores.

To use upper level, lower drawer has to be pulled out and then upper drawer can be easily pulled out.

All Pull-Out shelves are on wheels, with (Ball Bearing) so that it is easily movable and pulled out.

Help to organize the stack of sheet (packet) vertical with the help of over head crane.

Model No.	Model I	Model II	Model III
Overall Size ( L x D x H ) mm	3450 x 1850 x 2500	2950 x 1850 x 2500	2950 x 1600 x 2500
Shelf Sizes ( L x D ) mm	3100 x 1600	2600 x 1600	2600 x 1350
No of Shelves	6	6	6
Load Bearing Capacity / Level (kg)	3000	3000	3000

**Finish :** Paint (Deep Blue / Deep Orange)
