Powertech Systems

<https://www.indiamart.com/powertechsys-pune/>

Powertech Systems is one of India's leading manufacturers and suppliers of a wide range of Control Panels. We are well known for the high quality, efficiency and optimum performance of our products.

About Us

In 2007 **Powertech Systems** is one of India's leading manufacturers and suppliers of **Electrical Control Panels, Synchronizing Panels, Electrical Panels, Auto Sharing System for DG Sets, Auto Sharing System for TG Sheets and DG Sets With Sound Proof Enclosures etc.** and Service Provider of **Testing Equipment and Fabrication Work**. To ensure this, we first source excellent raw material and then we transform that into finished products using hi-tech modern machines that helps us with the efficiency and cost-effectiveness of our products. Under the Guidance of **Mr. Ajit Kar**. Our manufacturer and supplier process is subjected to a high level of inspection which makes our products very precise, highly durable and they also have optimum performance. We have advanced software tools in our shop floor that helps us to co-ordinate the various teams of design, production, warehousing, quality assurance and supply units. All our equipment and processes match up to international standards. Total customer satisfaction through high product performance is our motto. We study customer needs and customize our products to suit them. We have a highly trained and professional team of engineers, technocrats, researchers and quality control analysts who are always looking at ways to improve efficiency and contribute to customer satisfaction. Our company is managed very well in terms of the teams, tools and processes. This contributes to on-time delivery...
