About Us

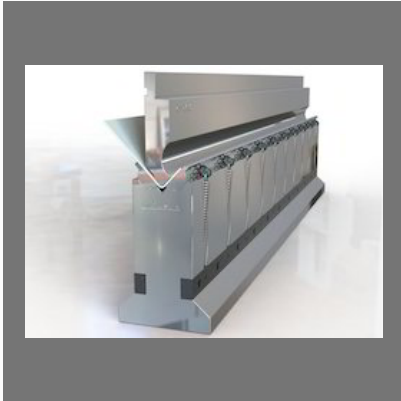

Incepted in the year **1974**, **Shreenath Industries** is renowned as a distinguished **Manufacturer, Supplier, Exporter** and **Service Provider** of an assorted variety of **Sheet Metal Tools, Framing and Cast In Channel, Bearing Plates, Scaffolding Products, Wedge Pin, Extension Ladder, Structural Steel Fabrication Services, Escalator Roofings Service and Walking Platform Service**. Raw material plays a significant role in determining the quality of finished products, hence, we always emphasize on the quality of our raw material that can deliver excellent quality of components to our clients. We source the raw material from the well-known vendors across the country. Further, we have also set up contemporary quality testing facility that helps us in testing our components on various quality parameters. The complete range is developed at our highly developed manufacturing unit that is outfitted with latest technology ensuring finest efficiency and performance. We make sure that the entire range is checked on necessary industry parameters. Further, we have also established an in-house quality testing facility that is NABL approved and managed by competent quality checkers. Being a client focused organization; we make sure that we offer durable solutions to our clients. Further, we also offer effective custom-made range of components to suit the diverse requirements of the clients. Manufactured with modern technology, these are widely...
