

# UTOJET 200

7" TFT Touch Screen HMI to Create & Monitor Print Job

Automation & Control Pvt. Ltd.

Editing the Print Jobs On the Line is now on your finger tips using a dedicated 7" Touch Screen of this multi utility system. The Ink Tank Option works as time, energy & cost saver so ultimately as a profit maximizer.

## Features :

- Suitable for Printing Height max up to 2" (50.8mm) with 4 Printer Heads.
- Up to 4 Pen Stalls Can be Connected Individually or Together
- Easy to install & Simple to Operate
- 3 level Password Protection

## Overview & Features:

### Latest Technology :

UTO JET 200 is based upon HP TIJ 2.5 Technology which delivers consistent, high quality, fast drying, fast printing and is easy to use.

### 7" Touch Screen :

Use of Touch pen or simply a pointed finger to control the UTO JET 200 Printer. Easy to understand GUI which lead you through all phases of building your print job making printing fast and simple.

### Easy to Install and Integrate :

Place an ink cartridge in the head, connect to power and print instantly by pressing button. Due to unique compact design UTO JET 200 fits in very little space. Not much more than the actual printing cartridge itself. This makes it very easy to install and integrate. It prints vertically as well as horizontally.
